### LOST - WRESTLING FILM

The Association has had two wrestling films for rental, one entitled "Wrestling" and the other "Wrestling Officiating."

"Wrestling" is a black and white film in two parts. Part I is on Takedowns and Counters and Part II deals with Escapes and Reversals. Somehow, the film "Wrestling Officiating" - which is in color - has replaced one reel of the other film. It is possible that a school used both, and mistakenly placed "Wrestling Officiating" in the same box with one reel of the film entitled "Wrestling." The KSHSAA now has the film "Wrestling Officiating" and one-half of "Wrestling."

It would be appreciated if schools that have used these films would check their libraries to see if the lost reel might be in their possession, possibly in one of their own film cans.
